Fra presidenten

At our last meeting, we enjoyed a very interesting presentation by Jerry Hunsinger, a local Grand Junction author. He is writing a series of books that are historical fiction novels about the Vikings in North America. *The Settlers*, book 1 in his Axe of Iron series, is his first book to be published soon. He has traveled to many of the places where the Vikings explored and showed slides of their travels. We enjoyed his presentation and are anxious to read his book. We also are hoping to have him back in the near future.
